Guidance for Managers and Mentors

Managers and mentors should ensure they are familiar with:

- **Technical Certificate Syllabus**
- **Teaching Notes**
- **Teaching and Training Manual***
- **Standards and Practice Guidance Document***
- **Candidates Workbook**

NOTE:

*** these are supplied in CD format and can be printed as an aid to learning**

Candidates Workbook

- It has found to be beneficial to leave the Microbiology module till the end
- Microbiology is referred to throughout the other modules and during these they explain the importance of the decontamination process in the destruction of pathogenic organisms
- At the end of each module the candidate should:
 - ✓ complete all the questions in the workbook
 - ✓ the multiple choice questions should be answered and marked within the workbook
 - ✓ the questions requiring a written answer should be submitted on a separate sheet(s), marked and attached to the relevant module within the workbook
 - ✓ no supporting evidence is required

Candidates Workbook

- **The manager/mentor must assess the competency of the candidate in all areas of the decontamination process**
- **Each candidate should have all modules recorded on a spreadsheet showing start, completion and sign-off dates along with signatures of the candidate and the mentor see slide 5 for example**
- **A written statement of competency must accompany the submission of the workbook one month prior to sitting the examination see slide 6 for example.**
